

Low Lint / Paint

TSG-277 Series

Description:

The TSG-277 series is a 13 gauge, silicone-free, domestic polyester glove in black. It has a 2" cuff with an overcast edge.

Properties:

Solid black provides a sharp contrast to industry automotive products giving better product identification during application and quality control.

Cuffs are color coded by size for easy identification and visual compliance. The TSG-277 series cuff is overcast using a thermal heat-set yarn to minimize any errant particulate used by traditional surging.

This series can be laundered, providing cost saving opportunities.

Size	Cuff Color
Extra Small	Gray
Small	Yellow
Medium	Green
Large	White
Extra large	Gray

Recommended:

The TSG-277 targets work areas requiring low lint and clean areas such as paint and engine departments.
