

# Thermal Protection and Cut Resistance

## TSG-3150-1-SBDD Series

ASTM F2992-15  
1,390 grams  
Cut Level A3  
Based on third-party testing

ASTM F1060-08  
up to 608°F  
22.7 Second to Pain  
ANSI Heat Level 5  
Based on third-party testing

### Description:

The TSG-3150-1-SBDD is a 7 gauge Glove-in-a-Glove. The outer glove is 100% Twaron® para-aramid and the inner glove is 100% cotton, overcast at the edge to create a single glove system. This glove features a 4 ½" cuff to provide cut and thermal protection for specific tasks that may expose the wrists when the arms are extended. For Excellent grip and heat dissipation, high heat silicone dots have been applied to both sides, making it a reversible glove. The fingertips are bartacked to prevent separation.

### Properties:

Fit and sizing of the TSG-3150-1-SBDD glove are incremental, providing consistency of product and performance. It performs very well at the highest level of heat testing, 608°F and can be laundered, providing cost saving opportunities.

### Recommended:

The TSG-3150-1-SBDD Glove-in-a-Glove targets work areas requiring heat, cut, and abrasion protection.

Size	Cuff Color
Small	Orange
Medium	Royal Blue
Large	Red
Extra large	Light Blue

### Options:

Available with a 2" cuff (TSG-3150-SBDD).  
Available without dots TSG-3150-1 (4.5" cuff), or TSG-3150 (2" Cuff)
